

## EASYANGLE

The Meloq EasyAngle is a digital range-of-motion assessment tool that captures joint movement with clinical precision. It uses an advanced inclinometer to instantly measure angles and provide real-time feedback. Therapists and clinicians use it to confidently track mobility, limitations, and progress over time. A core USP is its versatility, allowing assessment of all major joints and motion planes (flexion, extension, rotation, side-bending). Suitable for both upper and lower limbs, EasyAngle delivers repeatable, objective mobility data. This supports individualized treatment planning and informs critical return-to-sport decisions.

ABLE TO MEASURE ALL JOINTS  
IN ALL PLANES OF MOTION

REAL-TIME DISPLAY & FEEDBACK ANGLE  
SHOWN IMMEDIATELY ON SCREEN

SAVES THE LAST 5  
MEASUREMENTS

2 X ALIGNMENT GUIDES,  
280MM AND 195 MM

MEASURES FROM 0 TO 180  
DEGREES RANGE OF MOTION

DESIGNED FOR ONE  
HAND OPERATION

DESIGNED FOR PHYSICAL THERAPISTS,  
SPORTS CLINICIANS, REHAB SPECIALISTS, ETC

LIGHTWEIGHT, EASY TO CARRY,  
SUITABLE FOR CLINIC, FIELD, GYM

- Optimized for assessing strength in compound, multi-joint movements, EasyAngle is trusted by performance coaches, sport therapists, and trainers
- Its supported by straps, anchors, and mounting accessories for accurate testing

# Technical Specifications

## Resistance

2–75 kg adjustable digital resistance

## Accuracy

0.5 kg incremental control

## Motor Technology

BLDC motor (digital weight, no plates)

## Exercise Library

150+ full-body exercises

## Smart Training

Eccentric mode and spotter mode

## Tracking

Rep counter, workout history and progress analytics

## Dimensions

20 cm × 60 cm × 121 cm (compact home-gym size)

## Accessories

Barbell, D-handles, ankle straps, cable set

## Max Cable Travel

180 cm cable extension for full-range movements

## User Profiles

Supports multiple user profiles for family or shared gym use

## Power Standard

220 V / 5 A home socket

## Safety

Auto-cutoff to stop resistance instantly during overload or emergency

We are a complete solution provider for all your Sport Science, Biomechanics, SnC, Physiology, Data Management, Data Analysis, & High Performance Management needs. We are your partners in excellence!
